

**A FRIENDLY REMINDER AND REQUEST FROM  
YOUR NEIGHBOR**

**Please do not park on  
the sidewalk or the  
bend in the street!**

Parking on the sidewalk makes it difficult for pedestrians to pass without needing to walk in the street. This is especially important for the elderly, people with disabilities, and those with strollers or walking dogs.

Please park where the street is straight and not where it bends. Parking on the bend makes it difficult for traffic to pass safely.

Parking on the sidewalk and parking on the bend are violations of local traffic rules, and subject to a fine.

Thank you!
